Slido 提問系統操作說明

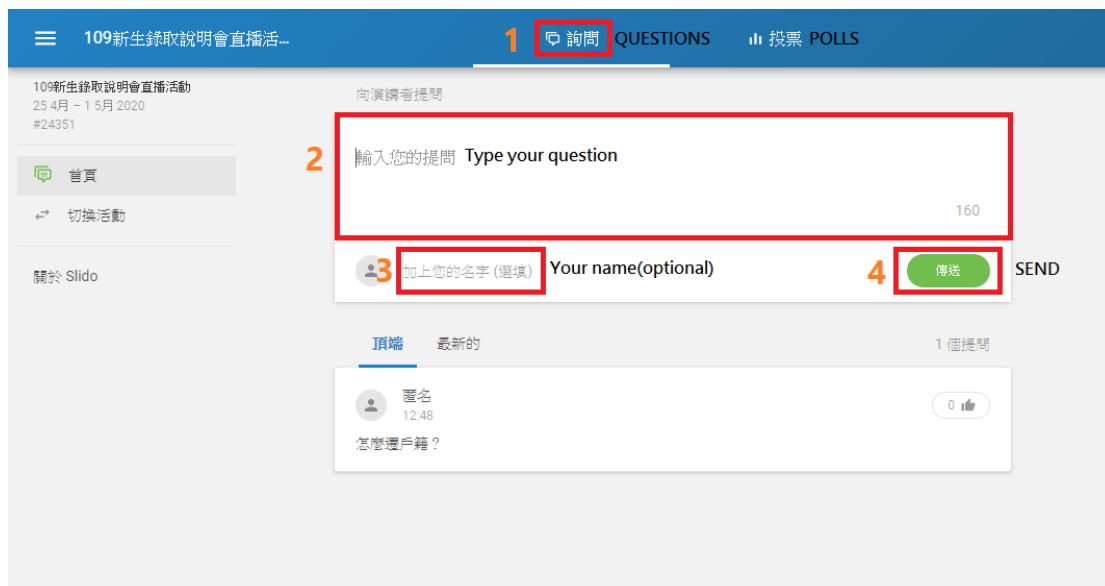

如何發問(QUESTIONS)?

步驟一 利用手機(或桌機/筆電)上網，建議啟用 Google Chrome 瀏覽器連結。

※直播提問連結網址：<https://app.sli.do/event/r9jhe8rd>

步驟二 請點按 QUESTIONS，以文字輸入提出問題並傳送，如下圖。

※可針對別人的發問按讚，為避免重覆提問，可直接針對已提出之問題按讚，問題將依讚數多寡進行排序(讚數越多之題目就會跑到最前面)

The screenshot displays the Slido interface for a live event titled "109新生錄取說明會直播活動" (109 New Student Admission Explanation Live Broadcast). The interface is in Chinese and features a blue header with navigation options: "1 詢問 QUESTIONS" (highlighted with a red box) and "投票 POLLS".

The main content area is titled "向演講者提問" (Ask the speaker a question). It includes a text input field labeled "輸入您的提問 Type your question" (highlighted with a red box and a "2" in the corner). Below the input field is a name field labeled "加上您的名字 (選擇) Your name(optional)" (highlighted with a red box and a "3" in the corner). To the right of the name field is a green "傳送" (Send) button (highlighted with a red box and a "4" in the corner) and a "SEND" label.

Below the input fields, there are tabs for "頂端" (Top) and "最新的" (Latest), and a counter for "1 個提問" (1 question). A sample question is shown: "匿名 12:48 怎麼選戶籍?" (Anonymous 12:48 How to choose household registration?).
